SUMMARY

MERN Stack Developer with hands-on experience building scalable web applications using MongoDB, Express.js, React.js, and Node.js. Skilled in REST API development, authentication systems, and responsive UI design. Experienced in integrating AI features and Firebase services to build real-time and intelligent applications.

SKILLS

Languages:- JavaScript (ES6+)

Frontend:- React.js, HTML5, CSS3, Tailwind CSS, Material-UI (MUI), Bootstrap

Backend:- Node.js, Express.js, REST APIs

Databases:- MongoDB, Mongoose, MySQL, Firebase (Firestore, Realtime DB)

Authentication:- JWT Authentication, OTP Verification, Firebase Authentication

AI & Cloud:- OpenAI API Integration, AI Chatbot Development, Firebase (Firestore, Hosting, Cloud Functions)

Tools:- Git, GitHub, VS Code, Postman, MongoDB Compass

Deploymen:- Hostinger, Vercel, Firebase Hosting

EXPERIENCE

MERN Stack Developer (Intern / Junior Developer)

Duration: 6 Months

I worked as a MERN Stack Developer (Intern/Junior Developer) for six months, where I developed full-stack web applications using the MERN stack. I built responsive user interfaces with Tailwind CSS and Material-UI, and designed as well as integrated RESTful APIs. I implemented secure authentication and authorization using JWT, and managed MongoDB databases with Mongoose to perform efficient CRUD operations. Additionally, I integrated Firebase services including Authentication and Firestore. I tested APIs using Postman, maintained version control with Git and GitHub, and focused on improving application performance while fixing bugs. I also deployed applications on platforms such as Hostinger, Vercel, and Firebase.

PROJECTS

Personal Portfolio Website

- Developed responsive portfolio using React.js
 - Showcased projects and technical skills
-

Grocify – Grocery Web Application

- Built full-stack grocery app using MERN stack
 - Implemented product listing and cart functionality
 - Integrated REST APIs for dynamic data
-

AI Website Assistant (Chatbot)

- Developed AI chatbot using OpenAI API
 - Enabled real-time user query handling
 - Integrated backend APIs for dynamic responses
-

Realtime Chat Application (Firebase)

- Built real-time chat system using Firestore
 - Implemented instant messaging
 - Integrated Firebase Authentication
-

EDUCATION

Bachelor of Science (B.Sc.) in Computer Science

Dr. Babasaheb Ambedkar Marathwada University, Aurangabad

2021 – 2024

Percentage: 65.60%
